ARTICLE 6 Financial Support for Participation in the Competition

Each Finalist will receive a fixed sum of 2000€ as a contribution towards the costs incurred by their participation in the competition (accommodation, travel, studio rental...). In return, it is requested that the following mention be included on all communication documents (irrespective of their nature and format – paper, multimedia, and/or audio-visual) produced by the Finalists and in reference to the selected project: **“With the support of Danse élargie 2024”.**

This financial support for participation, the same amount for all of the finalists regardless of the nature of the project proposed for the competition, will be paid to each structure, (or artist, upon presentation of expense receipts up to 2000€), as of 15 June 2024.

For those Finalists residing abroad, DANSE ÉLARGIE will in addition be able to help with the procedures and requests for funding initiated by the Finalists, in liaison with the cultural services and foreign partners, in order to organise their coming to Paris (visa / travel / accommodation).

The competition Jury reserves the right to award special prizes highlighting a particular quality or area of excellence, and/or to withhold prizes if the overall quality of entries is deemed insufficient.

Prizes will be awarded only as specified above; no other forms will be considered. The amount of the award will be paid to the winners no later than forty-five days after the announcement of the competition results. If a winning entry has been submitted in the name of several artists, the prize money will be paid to the legal structure backing the project, or, in the absence of such a structure, could be paid proportionately to the different artists, in accordance with a distribution that has been agreed upon by the Finalists and the Organisers. All requests for payment to a named organisation (non-profit organisation, etc.) must be justified by a direct link between the winner(s) and said organisation and must be approved by the Organisers. The amount of the prize money is non-transferable.

ARTICLE 8 Hospitality and Other General Conditions

Participation in the competition is free, and will not occasion any remuneration on the part of the Organisers. National and international transport to the competition venues, for performers and equipment, and accommodation expenses, are at the participants' own expense. The Finalists are encouraged to use the financial support for participation in the competition, as described in Article 6, to cover these necessary expenses. The Organisers will provide meals for all participants on 15 June 2024 (lunch and dinner) and 16 June 2024 (lunch). All other meals are at participants' own expense.

Written parental consent is required for all participating artists under 18 years of age in performances selected for the competition.

Each Finalist commits to take part in a one-hour technical rehearsal (including installation and dismantling of the set). The Organisers will assure the schedule of these rehearsals over two days, according to the availability and provenance of the finalists: Thursday 13 June and Friday 14 June 2024.

Finalists must comply with the attached technical specifications, and with current safety regulations at the Théâtre de la Ville- Sarah-Bernhardt, as well as the health measures in place at the time of the competition.

Each performance must be no more than 10 minutes in length. Installation and dismantling of the set must take no more than 5 minutes, to be shared with the preceding and following performances.

A letter of agreement will be signed between the Organisers and each selected Finalist, before their arrival at the Théâtre de la Ville-Espace Cardin, Paris, summarising the conditions of their participation in the competition.

ARTICLE 9 Accompaniment for Finalists

The Organisers are committed to insuring a follow-up after the competition for each of the selected artists. This accompaniment can take a variety of shapes: following the project's development, helping to find bookings, making rehearsal studio space available, etc, without however this becoming uniform or systematic. In general, particular attention is given to artists who have participated in DANSE ÉLARGIE since its beginning.

Residency Plan

The 2022 edition has seen the introduction of a new residency scheme (hereinafter referred to as "the Scheme") to make it easier for the Finalists to continue their career. The aim of these residencies is to provide the technical resources needed to develop: as a priority, the project submitted to the Competition, or another project created by the Finalists. Five residencies are guaranteed: three supported by the Fondation d'entreprise Hermès in Ile-de-France, one by the CNDC in Angers, and one by the CDN in Valence. These residencies may last from one to two weeks.

The residencies will be for one or two weeks.

Within the framework of the Residency Plan, the following costs would be covered, partially or in their totality:

- Personnel costs (artistic or technical);
- Logistical costs (travel, accommodation, meals);

- Additional costs (technical equipment rentals, freight...).

Contributions from the above-mentioned partners shall not exceed 10 000€, per project.

The Residency Plan is exclusively for Finalists. Artists who have not been selected to participate in the competition will not be eligible.

The Organisers and their partners will choose which of the Finalists may participate in the Residency Plan, upon reception of a provisional budget for the residency, and an artist's note of intention describing the specific objective.

The Finalists chosen to participate in the Residency Plan will be announced after 1 July 2022.

The residencies will take place between July 2022 and July 2023.

The beneficiaries will be given the logistical details before the beginning dates of their residencies.

Distribution

Taking into account the different ways of creating, and different touring needs, other residencies and other types of support will be sought, in order to ensure a heightened visibility for all of the projects.

The Organisers will do their utmost to allow for the presentation of projects created by the Finalists (be it projects presented at the competition or any other project) within their programming.

As an example, the Théâtre de la Ville, with support from the Fondation d'entreprise Hermès, organises performances during the month of September following the competition, called "Danse élargie – suite".

Each of the Organisers has discretion over and is responsible for implementing their own programming possibilities.

After each competition, the SACD (Société des Auteurs et Compositeurs Dramatiques) will also accompany certain artists, helping with touring for the first performance dates in France, and in other countries subject to copyright laws.

Personal information gathered and stored within the framework of the present competition will be treated in accordance with the French law of January 6, 1978 and subsequent amendments thereto, governing digital data, files and the protection of individual and civil liberties. Finalists are informed that their personal data will be recorded for the purposes of this competition, as required for the registration of their participation according to the terms and procedures stipulated in the present rules and regulations. The data will not be used for any other purpose by the competition Organisers, under any circumstances. The Organisers may record, transcribe, photograph and otherwise preserve the Finalists' performances, and the resulting films and/or documentary records may be used by the Organisers and their partners, free of copyright, for their own communications and promotional purposes relative to the present competition, and to their activities in general. Commercial use of the aforementioned documentary records is subject to contract, defining the rights of the author(s) and performers in particular.

Within the framework of the competition, Finalists authorise the Organisers to make free use of all or any part of the video footage submitted for the initial selection, exclusively for the purposes of promoting the competition and the artists concerned. In addition, the Finalists authorise that their video footage may be used in part, and adapted, for the realisation of a teaser. All commercial uses are subject to contract, defining the rights of the author(s) and performers in particular. The videos may also be published on the Organisers' social media, as well as online at:

ARTICLE 12 Participation in the present competition implies full acceptance of the present rules and regulations (including the two appendices to the present document), together with the judges' final and binding decisions relative to any part of the competition. Failure to comply with the competition rules will result in disqualification for the candidate concerned. Challenges to the interpretation or application of the present rules will be settled out of court, in the first instance; as a last resort, any resulting litigation will be heard in the Paris courts.
